

NOTICE OF POSSIBLE QUORUM

TXDot Open House – Pat Booker Construction

Hosted by:

TXDoT in partnership with Universal City

In the City Council Chambers, 2150 Universal City Blvd, Universal City, TX 78148

February 26, 2026 from 5-7 p.m.

Members of the City of Universal City – City Council will be jointly participating in an Open House by the Texas Department of Transportation regarding the development of plans to improve safety along SH 218/Pat Booker Road from Village Green to Aviation Boulevard, hosted in the Universal City Council Chambers, 2150 Universal City Blvd, Universal City, Texas, 78148. This Open House is not intended to be a meeting at which business will be conducted. This is an informal, educational, informational gathering activity ONLY. Safety improvements along SH 218/Pat Booker Road may include raised medians at select locations and pedestrian and bicycle enhancements throughout the project limits. While matters of official City business will be presented, there will be no discussion by Councilmembers, and no votes or other actions will be taken. No decisions on public matters will be made. Any action based upon data observed or discussed during this presentation will be made the subject of subsequent, properly posted agendas and notices of public meetings if applicable.

Certificate

I certify that this notice was posted on the bulletin boards at the City Hall of the City of Universal City, TX on the 19th day of February, 2026 at 10:30 A.M. / P.M.

YOU'RE INVITED!

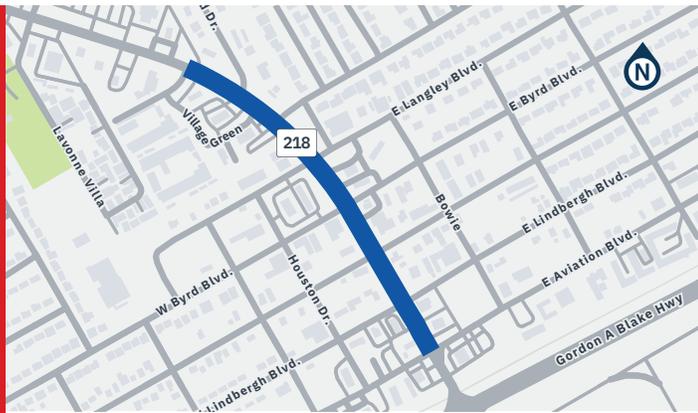

OPEN HOUSE

Feb. 26, 2026

5 – 7 p.m.

Universal City – City Hall

2150 Universal City Blvd.
Universal City, TX 78148

TxDOT in partnership with Universal City is developing plans to improve safety along SH 218/Pat Booker Road from Village Green to Aviation Boulevard in Bexar County. You're invited to an Open House to learn more about project improvements, including:

Raised medians at select locations.

Pedestrian and bicycle enhancements throughout the project limits.

000 Street
City, TX 00000

BENEFITS OF A RAISED MEDIAN

Reduce Crashes

Separate Opposing Traffic

Improve Traffic Flow

Reduce Conflict Points

Improve Pedestrian Safety
